Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-14 are rejected under 35 U.S.C. 102(b) as being anticipated by US 5,446,953 to LeFeber.

(claim 1) LeFeber teaches a device capable of securing medical tubing to a body comprising a circular one-piece fabric band **10** (Fig. 2) divided into at least a first closed loop **24** adapted to fit elastically around a portion of the body (Fig. 6) and a second closed loop **26** capable of receiving and holding a medical tubing. LeFeber teaches an elastic band (col. 2, lines 44-46).

(claim 2) LeFeber teaches an elastic band that is fully capable of fitting around a user's head, especially since it could fit around a user's arms.

(claim 3) LeFeber teaches the fabric band comprising non-irritating material (various elastic fabric are provided in col. 2, lines 44-66, such as a quilted composite fabric or spandex in col. 3, line 21).

(claim 4) LeFeber teaches the fabric band lined with friction creating material (textured polyester; col. 3, lines 26-31). A textured material would provide friction compared to a smooth material.

Art Unit: 3731

(claim 5) LeFeber teaches the loops formed from stitching (col. 2, lines 47-50).

(claims 6, 10 and 11) LeFeber teaches a device capable of securing a medical tubing to a body comprising a circular one-piece fabric band **10** (Fig. 2) divided into a first closed loop **24** adapted to fit elastically around a portion of the body; a second closed loop **26** and a third closed loop **28**, wherein the second and third closed loops are fully capable of holding and receiving medical tubing close to a body; and wherein the loops are stitched together (col. 2, lines 47-50).

(claims 7 and 12) LeFeber teaches an elastic band that is fully capable of fitting around a user's head, especially since it could fit around a user's arms.

(claims 8 and 13) LeFeber teaches the fabric band comprising non-irritating material (various elastic fabric are provided in col. 2, lines 44-66, such as a quilted composite fabric or spandex in col. 3, line 21).

(claims 9 and 14) LeFeber teaches the fabric band lined with friction creating material (textured polyester; col. 3, lines 26-31).

Response to Arguments

3. Applicant's arguments with respect to claims 1-14 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

Art Unit: 3731

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
